

Male Energy™

- Maintain good health
- Source of antioxidants

Natural Solution for Men

If you're a man close to, or over 35, you are probably starting to feel the debilitating effects of lower testosterone and higher estrogen levels. These hormonal changes are common in men as they age, and have been associated with a number of negative effects on health.

Ultimate Male Energy™ contains a combination of ingredients designed to enhance male health. Key ingredients in the formula include nettle extract, chrysin, indole-3-carbinol (I3C) and sulforaphane – a powerful antioxidant that improves the body's ability to detoxify and eliminate harmful chemicals and excess hormones.

In addition to these key ingredients, **Ultimate Male Energy™** includes a combination of powerful antioxidants to protect the body's cells and maintain good health. This proven antioxidant team includes quercetin, turmeric extract and citrus bioflavonoids.

Together this means support for maintaining good health with a formula designed specifically for men.

Each capsule contains:

Medicinal ingredients:

Citrus Bioflavonoids (<i>Citrus paradisi</i> , <i>limon</i> , <i>reticulata</i> , <i>sinensis</i> , <i>aurantifolia</i>) (peel)	200 mg	Holy Basil (<i>Ocimum sanctum</i>) (leaf) (2% Ursolic Acid) .	37.5 mg
